

Roller Paste

K-Supply

K-Supply Roller Paste is a cleaning paste for conventional ink rollers. This product, tried and tested at the Komori Graphic Center Europe, is highly effective and suitable for all conventional printing presses.

Benefits

- Deep cleans ink rollers intensively.
- Quick change from dark colours to light colours.
- Suitable for conventional ink rollers.

Directions

Apply K-Supply Roller Paste onto the ink rollers with an ink knife. Run the printing press for 5-10 minutes at idle speed. Clean the ink roller with K-Supply conventional solvent to complete the procedure. This product is not suitable for dampening rollers.

Directions for Use:

For details, please refer to the safety data sheet.
