

Roller Paste UV

K-Supply

K-Supply Roller Paste UV is a cleaning paste for UV ink rollers. This product, tried and tested at the Komori Graphic Center Europe, is highly effective and suitable for all UV, H-UV and H-UV-L printing presses.

Benefits

- Cleans ink rollers intensively.
- Quick change from dark colours to light colours.
- Suitable for UV, H-UV and H-UV-L (LED) processes.

Directions

Apply K-Supply Roller Paste onto the ink rollers with an ink knife. Run the printing press for 5-10 minutes on idle speed. Clean the ink roller with K-Supply UV solvent to complete the procedure. This product is not suitable for dampening rollers. This product is not suitable for dampening rollers.
